**COMMUNICATION FROM THE COMMISSION TO THE EUROPEAN
PARLIAMENT AND THE COUNCIL**

**The adaptation in line with inflation of minimum amounts of cover laid down in
Directive 2009/103/EC relating to insurance against civil liability in respect of the use of
motor vehicles, and the enforcement of the obligation to insure against such liability**

The adaptation in line with inflation of minimum amounts laid down in Directive 2009/103/EC relating to insurance against civil liability in respect of the use of motor vehicles, and the enforcement of the obligation to insure against such liability¹

In accordance with Article 9(2) of Directive 2009/103/EC relating to insurance against civil liability in respect of the use of motor vehicles, and the enforcement of the obligation to insure against such liability, the amounts laid down in euro in Article 9(1) were reviewed in 2015 in order to take account of changes in the European index of consumer prices comprising all Member States, as published by Eurostat.

As a result of the review, the amounts laid down in euro are as follows:

- in the case of personal injury, the minimum amount of cover is increased to €1 220 000 per victim or €6 070 000 per claim, whatever the number of victims;
- in the case of material damage, the minimum amount is increased to €1 220 000 per claim, whatever the number of victims.
