Amended proposal for a

REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

**on additional customs duties on imports of certain products originating in the
United States of America (codification)**

EXPLANATORY MEMORANDUM

1. On 12 June 2014, the Commission presented a proposal for a Regulation of the European Parliament and of the Council codifying Council Regulation (EC) No 673/2005 of 25 April 2005 establishing additional customs duties on imports of certain products originating in the United States of America¹.
2. In its opinion of 17 September 2014 the Consultative Working Party of the legal services set up under the Interinstitutional Agreement of 20 December 1994 on an accelerated working method for official codification of legislative texts² has stated that the proposal referred to in point 1 does indeed confine itself to straightforward codification, without any substantive changes to the acts covered by it.
3. On 17 July 2015, the Commission presented a first amended proposal³ for the codification of Regulation (EC) No 673/2005, following subsequent amendments to it.

In its further opinion of 17 December 2015 the Consultative Working Party of the legal services has stated that that amended proposal does indeed confine itself to straightforward codification, without any substantive changes to the acts covered by it.

4. On 23 June 2016, the Commission presented a second amended proposal⁴ for the codification of Regulation (EC) No 673/2005, following further amendments to it.

In its further opinion of 20 December 2016 the Consultative Working Party of the legal services has stated that that amended proposal does indeed confine itself to straightforward codification, without any substantive changes to the acts covered by it.

5. Having regard to the amendments adopted⁵ in respect of Regulation (EC) No 673/2005 and in view of the work already carried out in the course of the legislative procedure, the Commission has decided to present – in accordance with Article 293(2) of the TFEU – another amended proposal for codification of the Regulation in question.

This amended proposal also takes account of the purely formal or editorial changes proposed by the Consultative Working Party of the legal services, where these changes are considered justified⁶.

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,
Having regard to the Treaty ⊗ on the Functioning of the European Union ⊗, and in particular Article ⊗ 207(2) ⊗ thereof,
Having regard to the proposal from the European Commission,
After transmission of the draft legislative act to the national Parliaments,
Having regard to the opinion of the European Economic and Social Committee⁷,
Acting in accordance with the ordinary legislative procedure,
Whereas:

- (1) Council Regulation (EC) No 673/2005⁸ has been substantially amended several times⁹. In the interests of clarity and rationality, that Regulation should be codified.

- (2) On 27 January 2003, the Dispute Settlement Body ('DSB') of the World Trade Organization ('WTO') adopted the Appellate Body report¹⁰ and the Panel report¹¹, as upheld by the Appellate Body report, finding that the Continued Dumping and Subsidy Offset Act ('CDSOA') was incompatible with the United States' obligations under the 'WTO' agreements.

suspend the application of its tariff concessions and related obligations under the General Agreement on Tariffs and Trade ('GATT') 1994 to the United States¹². The United States objected to the level of suspension of tariff concessions and related obligations and the matter was referred to arbitration.

↓ 673/2005 recital 3 (adapted)

- (4) On 31 August 2004, the Arbitrator determined that the level of nullification or impairment caused every year to the Community was equal to 72 % of the amount of CDSOA disbursements relating to anti-dumping or countervailing duties paid on imports from the Community for the most recent year for which data were available at that time, as published by the United States' authorities. The Arbitrator concluded that the suspension by the Community of concessions or other obligations, in the form of the imposition of an additional import duty above bound custom duties, on a list of products originating in the United States covering, on a yearly basis, a total value of trade not exceeding the amount of nullification or impairment would be consistent with WTO rules. On 26 November 2004, the DSB granted the authorisation to suspend the application to the United States of tariff concessions and related obligations under GATT 1994 in accordance with the decision of the Arbitrator.
-

↓ 673/2005 recital 4 (adapted)

- (5) The CDSOA disbursements for the most recent year for which data were available at that time relate to the distribution of anti-dumping and countervailing duties collected during the Fiscal Year 2004 (1 October 2003 to 30 September 2004). On the basis of the data published by the United States' Customs and Border Protection, the level of nullification or impairment caused to the Community was calculated at USD 27,81 million. The Community was , therefore, authorised to suspend the application of its tariff concessions to the United States at an equivalent amount. The effect of a 15 % *ad valorem* additional import duty on imports of the products in Annex I originating in the United States represented , over one year, a value of trade that did not exceed USD 27,81 million. In respect of those products, the Community suspended the application of its tariff concessions to the United States from 1 May 2005.
-

↓ 673/2005 recital 5 (adapted)

- (6) If the non-implementation of the DSB ruling and recommendation persists, the Commission should adjust annually the level of suspension to the level of nullification or impairment caused by the CDSOA to the Union at that time. The Commission should amend the list in Annex I or the rate of the additional import duty so that the effect of the additional duty on imports from the United States of the selected products represents, over one year, a value of trade that does not exceed the amount of nullification or impairment.

↓ 673/2005 recital 6 (adapted)

- (7) The Commission should respect the following criteria:
- (a) the Commission should amend the rate of the additional import duty when adding or removing products from the list in Annex I does not allow to adjust the level of suspension to the level of nullification or impairment; otherwise, the Commission should add products to the list in Annex I if the level of suspension increases or withdraw products from that list if the level of suspension decreases;
 - (b) if products are added, the Commission should select the products from the list in Annex II in an automatic fashion following the order in which the products are listed; as a consequence, the Commission should also amend the list in Annex II by removing from it the products added to the list in Annex I;
 - (c) if products are withdrawn, the Commission should, first, remove products that were added to the list in Annex I after 1 May 2005 ; the Commission should then remove products that were in the list in Annex I on 1 May 2005 following the order of that list.

↓ 38/2014 Art. 1 and Annex .4
(adapted)

- (8) In order to make the necessary adjustments to the measures provided for in this Regulation, the power to adopt acts in accordance with Article 290 of the Treaty should be delegated to the Commission in respect of amending the rate of the additional duty or the lists in Annexes I and II under the conditions laid down in this Regulation. It is of particular importance that the Commission carry out appropriate consultations during its preparatory work, including at expert level. The Commission, when preparing and drawing up delegated acts, should ensure a simultaneous, timely and appropriate transmission of relevant documents to the European Parliament and to the Council,
