Proposal for a

COUNCIL AND COMMISSION DECISION

on the conclusion of the Stabilisation and Association Agreement between the European Communities and their Member States, of the one part, and the Republic of Montenegro, of the other part

(presented by the Commission)

EXPLANATORY MEMORANDUM

1. The attached two proposals constitute the legal instruments for the signature and the conclusion of the Stabilisation and Association Agreement between the European Communities and their Member States, on the one part, and the Republic of Montenegro, hereinafter called Montenegro, on the other part: (i) Proposal for a Council Decision for the signature of the Agreement; (ii) Proposal for a Council and Commission Decision for the conclusion of the Agreement.
2. The Commission presented in April 2005 its Feasibility Report on an SAA with Serbia and Montenegro¹. The Report concluded that Serbia and Montenegro were sufficiently prepared to negotiate an SAA the Council decided on 3 October 2005 to authorise the Commission to negotiate a Stabilisation and Association Agreement with Serbia and Montenegro. The negotiation for a Stabilisation and Association Agreement with Serbia and Montenegro was launched on 10 October 2005.
3. Following a referendum in May 2006, the Montenegrin Parliament adopted on 3 June 2006 a Declaration of Independence and the Republic of Montenegro withdrew from the State Union of Serbia and Montenegro. Consequently, new Negotiating Directives for Montenegro was adopted on 24 July 2006 and negotiations resumed on 25 September 2006. These negotiations were finished on 1 December 2006 and after consultations with the EU Member States, the results of the negotiations the Stabilisation and Association Agreement was initialled in Podgorica on 15 March 2007.
4. The Stabilisation and Association Agreement focuses on the following main elements:
 - provision for political dialogue with Montenegro;

 - the perspective of the establishment of a free-trade area between the Community and Montenegro within five years of the entry into force of the Agreement;
 - provisions on the movement of workers, freedom of establishment, supply of services, current payments and movement of capital;
 - the commitment by Montenegro to approximate its legislation to that of the EC, notably in key areas of the internal market;

 - provision for the establishment of a Stabilisation and Association Council which supervises the implementation of the Agreement, of a Stabilisation and Association Committee and a Stabilisation and Association Parliamentary Committee.

¹ COM (2005) 476 final of 12 April 2005.

5. The Commission asks the Council to give its final approval to the text of the SAA, which were undertaken in close consultation with the Special Committee created for this purpose (namely COWEB), and to engage the procedures for the signature and conclusion of this Agreement on the basis of the attached two proposals.
6. The procedures for the signature and the conclusion of the Agreement are different for the two European Communities: (the European Community and the European Atomic Energy Community):
 - a) as regards signature, the first indent, first sentence of Article 300 (2) of the EC Treaty provides for a separate Council Decision concerning the signing of the Agreement on behalf of the European Community; similar acts are not required under the EAEC Treaty
 - b) as regards conclusion of the Agreement:
 - The Council concludes the Agreement on behalf of the European Community, after having received the assent of the European Parliament, by virtue of Article 310 of the Treaty;
 - The Council approves the Agreement on behalf of the European Atomic Energy Community by virtue of the second paragraph of Article 101 of the EAEC Treaty and the Agreement is then concluded by the Commission.
7. In line with the above the Commission requests the Council to (i) decide on the signature of the Agreement on behalf of the European Community (ii) conclude the Agreement on behalf of the European Community and to give its approval for conclusion by Euratom.

Ratification by all Member States is a prerequisite for the entry into force of the Agreement.

 - to foster regional co-operation in all the fields covered by this Agreement.

TITLE I GENERAL PRINCIPLES

Article 2

Respect for the democratic principles and human rights as proclaimed in the Universal Declaration of Human Rights and as defined in the European Convention on Human Rights, in the Helsinki Final Act and the Charter of Paris for a New Europe, respect for international law principles, including full co-operation with the International Criminal Tribunal for the former Yugoslavia (ICTY), and the rule of law as well as the principles of market economy as

reflected in the Document of the CSCE Bonn Conference on Economic Co-operation, shall form the basis of the domestic and external policies of the Parties and constitute essential elements of this Agreement.

Article 3

The fight against the proliferation of weapons of mass destruction and their means of delivery constitutes an essential element of the Agreement.

Article 4

The contracting parties reaffirm the importance they attach to the implementation of international obligations, notably the full co-operation with ICTY.

Article 5

International and regional peace and stability, the development of good neighbourly relations, human rights and the respect and protection of minorities are central to the Stabilisation and Association process referred to in the conclusions of the Council of the European Union on 21 June 1999. The conclusion and the implementation of this Agreement come within the framework of the conclusions of the Council of the European Union of 29 April 1997 and are based on the individual merits of Montenegro.

Article 6

Montenegro commits itself to continue to foster co-operation and good neighbourly relations with the other countries of the region including an appropriate level of mutual concessions concerning the movement of persons, goods, capital and services as well as the development of projects of common interest, notably those related to border management and combating organised crime, corruption, money laundering, illegal migration and trafficking, including in particular in human beings, small arms and illicit drugs. This commitment constitutes a key factor in the development of the relations and co-operation between the Parties and thus contributes to regional stability.

Article 7

The Parties reaffirm the importance that they attach to the fight against terrorism and the implementation of international obligations in this area.

Article 8

The association will be progressively and fully realised over a transitional period of a maximum of 5 years.

The Stabilisation and Association Council (SAC) will regularly review, as a rule on an annual basis, the implementation of the Agreement and the adoption and implementation by Montenegro of legal, administrative, institutional and economic reforms. This review will be carried out in the light of the preamble and in accordance with the general principles of this Agreement. It will take duly into account priorities set in the European Partnership relevant to

this Agreement and be in coherence with the mechanisms established under the Stabilisation and Association process, notably the progress report on the Stabilisation and Association process.

On the basis of this review, the SAC will issue recommendations and may take decisions. Where the review identifies particular difficulties, they may be referred to the mechanisms of dispute settlement established under the Agreement.

The full association will be progressively realised. No later than the third year after the entry into force of the Agreement, the SAC will make a thorough review of the application of the Agreement. On the basis of this review the SAC will evaluate progress made by Montenegro and may take decisions governing the following stages of association.

The aforementioned review will not apply to the free movement of goods (Title IV), for which a specific schedule will be foreseen in the provisions of the Agreement.

Article 9

The Agreement shall be fully compatible with and implemented in a manner consistent with the relevant WTO provisions, in particular Article XXIV of the GATT 1994 and Article V of the GATS.

TITLE II POLITICAL DIALOGUE

Article 10

It shall accompany and consolidate the rapprochement between the European Union and Montenegro and contribute to the establishment of close links of solidarity and new forms of co-operation between the Parties.
2. The political dialogue is intended to promote in particular:
 - Full integration of Montenegro into the community of democratic nations and gradual rapprochement with the European Union;
 - an increasing convergence of positions of the Parties on international issues, including CFSP issues, also through the exchange of information as appropriate, and, in particular, on those issues likely to have substantial effects on the Parties;
 - regional co-operation and the development of good neighbourly relations;
 - common views on security and stability in Europe, including co-operation in the areas covered by the CFSP of the European Union.

3. The Parties consider that the proliferation of weapons of mass destruction (WMD) and their means of delivery, both to state and non-state actors, represents one of the most serious threats to international stability and security. The Parties therefore agree to co-operate and to contribute to countering the proliferation of weapons of mass destruction and their means of delivery through full compliance with and national implementation of their existing obligations under international disarmament and non-proliferation Treaties and Agreements and other relevant international obligations. The parties agree that this provision constitutes an essential element of this Agreement and will be part of the political dialogue that will accompany and consolidate these elements.

The Parties furthermore agree to co-operate and to contribute to countering the proliferation of weapons of mass destruction and their means of delivery by:

- taking steps to sign, ratify, or accede to, as appropriate, and fully implement all other relevant international instruments;
- establishing an effective system of national export controls, controlling the export as well as the transit of WMD-related goods, including a WMD end-use control on dual use technologies and containing effective sanctions for breaches of export controls.

Political dialogue on this matter may take place on a regional basis.

Article 11

1. Political dialogue shall take place within the Stabilisation and Association Council, which shall have the general responsibility for any matter which the Parties might wish to put to it.
2. At the request of the Parties, political dialogue may also take place in the following formats:
 - meetings, where necessary, of senior officials representing Montenegro, on the one hand, and the Presidency of the Council of the European Union, the Secretary General/High Representative for the CFSP and the Commission, on the other;

Article 16

Co-operation with other countries concerned by the Stabilisation and Association process

Article 31
Review clause

Taking account of the volume of trade in agricultural and fishery products between the Parties, of their particular sensitivities, of the rules of the Community common policies and of the policies for agriculture and fisheries in Montenegro, of the role of agriculture and fisheries in the economy of Montenegro, of the consequences of the multilateral trade negotiations under the WTO as well as of the eventual accession of Montenegro to the WTO, the Community and Montenegro shall examine in the Stabilisation and Association Council, no later than 3 years after the entry into force of this Agreement, product by product and on an orderly and appropriate reciprocal basis, the opportunities for granting each other further concessions with a view to implementing greater liberalisation of the trade in agricultural and fishery products.

Article 32

Notwithstanding other provisions of this Agreement, and in particular Article 41, given the particular sensitivity of the agricultural and fisheries markets, if imports of products originating in one Party, which are the subject of concessions granted pursuant to Articles 25-30, cause serious disturbance to the markets or to their domestic regulatory mechanisms, in the other Party, both Parties shall enter into consultations immediately to find an appropriate solution. Pending such solution, the Party concerned may take the appropriate measures it deems necessary.

Article 33

Protection of geographical indications for agricultural and fishery products and foodstuffs other than wine and spirits

1. Montenegro shall provide protection for the geographical indications of the Community registered in the Community under Council Regulation (EC) No 510/2006 of 20 March 2006 as amended from time to time, in accordance with the terms of this article. Geographical indications of Montenegro shall be eligible for registration in the Community under the conditions set out in Council Regulation (EC) No 510/2006 of 20 March 2006 and subsequent modifications.
2. Montenegro shall prohibit any use in its territory of the names protected in the Community for comparable products not complying with the geographical indication's specification. This shall apply even where the true geographical origin of the good is indicated, the geographical indication in question is used in translation, the name is accompanied by terms such as 'kind', 'type', 'style', 'imitation', 'method' or other expressions of the sort.
3. Montenegro shall refuse the registration of a trademark the use of which corresponds to the situations referred to in paragraph 2 of this article.
4. Trademarks the use of which corresponds to the situations referred to in paragraph 2 of this article, which have been registered in Montenegro or established by use, shall no longer be used after 1 January 2009. However, this shall not apply to trademarks registered in Montenegro and trademarks established by use which are owned by nationals of third countries, provided they are not of such a nature as to deceive in any way the public as to the quality, the specification and the geographical origin of the goods.

5. Any use of the geographical indications protected in accordance with paragraph 1 of this article as terms customary in common language as the common name for such goods in Montenegro shall cease at the latest on 1 January 2009.
6. Montenegro shall ensure that goods exported from its territory after 1 January 2009 do not infringe the provisions of this article.
7. Montenegro shall ensure the protection referred to in paragraph 1 to 6 of this article on its own initiative as well as at the request of an interested party.

CHAPTER III COMMON PROVISIONS

Article 34 Scope

The provisions of this Chapter shall apply to trade in all products between the Parties except where otherwise provided herein or in Protocol 1.

Article 35 Improved concessions

The provisions of this Title shall in no way affect the application, on a unilateral basis, of more favourable measures by any of the Parties.

Article 36 Standstill

1. From the date of entry into force of this Agreement, no new customs duties on imports or exports or charges having equivalent effect shall be introduced, nor shall those already applied be increased, in trade between the Community and Montenegro.
2. From the date of entry into force of this Agreement, no new quantitative restriction on imports or exports or measure having equivalent effect shall be introduced, nor shall those existing be made more restrictive, in trade between the Community and Montenegro.
3. Without prejudice to the concessions granted under Articles 26-30, the provisions of paragraphs 1 and 2 of this Article shall not restrict in any way the pursuit of the respective agricultural and fishery policies of Montenegro and of the Community and the taking of any measures under those policies in so far as the import regime in Annexes II-V and Protocol 1 is not affected.

Article 37 Prohibition of fiscal discrimination

1. The Community and Montenegro shall refrain from, and abolish where existing, any measure or practice of an internal fiscal nature establishing, whether directly or indirectly, discrimination between the products of one Party and like products originating in the territory of the other Party.

2. Products exported to the territory of one of the Parties may not benefit from repayment of internal indirect taxation in excess of the amount of indirect taxation imposed on them.

Article 38
Duties of a fiscal nature

The provisions concerning the abolition of customs duties on imports shall also apply to customs duties of a fiscal nature.

Article 39
Customs unions, free trade areas, cross-border arrangements

1. This Agreement shall not preclude the maintenance or establishment of customs unions, free trade areas or arrangements for frontier trade except in so far as they alter the trade arrangements provided for in this Agreement.
2. During the transitional periods specified in Article 21, this Agreement shall not affect the implementation of the specific preferential arrangements governing the movement of goods either laid down in frontier Agreements previously concluded between one or more Member States and Serbia and Montenegro or resulting from the bilateral Agreements specified in Title III concluded by Montenegro in order to promote regional trade.
3. Consultations between the Parties shall take place within the Stabilisation and Association Council concerning the Agreements described in paragraphs 1 and 2 of this Article and, where requested, on other major issues related to their respective trade policies towards third countries. In particular in the event of a third country acceding to the Community, such consultations shall take place so as to ensure that account is taken of the mutual interests of the Community and Montenegro stated in this Agreement.

Article 40
Dumping and subsidy

1. None of the provisions in this Agreement shall prevent any of the Parties from taking trade defence action in accordance with paragraph 2 of this Article and Article 41.
2. If one of the Parties finds that dumping and/or countervailable subsidiation is taking place in trade with the other Party, that Party may take appropriate measures against this practice in accordance with the WTO Agreement on Implementation of Article VI of the GATT 1994 or the WTO Agreement on Subsidies and Countervailing Measures and the respective related internal legislation.

Article 41
Safeguards clause

1. The provisions of Article XIX GATT 1994 and the WTO Agreement on Safeguards are applicable between the parties.

2. Notwithstanding paragraph 1 of this Article, where any product of one Party is being imported into the territory of the other Party in such increased quantities and under such conditions as to cause or threaten to cause:
- serious injury to the domestic industry of like or directly competitive products in the territory of the importing Party or
 - serious disturbances in any sector of the economy or difficulties which could bring about serious deterioration in the economic situation of a region of the importing Party,

The importing Party may take appropriate bilateral safeguard measures under the conditions and in accordance with the procedures laid down in this Article.

3. Bilateral safeguard measures directed at imports from the other party shall not exceed what is necessary to remedy the problems, as defined in paragraph 2, which have arisen as a result of application of this Agreement. The safeguard measure adopted should consist of a suspension in the increase or in the reduction of the margins of preferences provided for under this Agreement for the product concerned up to a maximum limit corresponding to the basic duty referred to in Article 18 paragraph 4 (a) and (b) and paragraph 5 for the same product. Such measures shall contain clear elements progressively leading to their elimination at the end of the set period, at the latest, and shall not be taken for a period exceeding 2 years.

In very exceptional circumstances, measures may be extended for a further period of maximum 2 years. No bilateral safeguard measure shall be applied to the import of a product that has previously been subject to such a measure for a period of, at least, 4 years since the expiry of the measure.

4. In the cases specified in this Article, before taking the measures provided for therein or, in the cases to which paragraph 5 (b) of this Article applies, as soon as possible, the Community on the one part or Montenegro on the other part, shall supply the Stabilisation and Association Council with all relevant information required for a thorough examination of the situation, with a view to seeking a solution acceptable to the Parties concerned.

5. For the implementation of the above paragraphs the following provisions shall apply:

- (a) The problems arising from the situation referred to in this Article shall be immediately referred for examination to the Stabilisation and Association Council, which may take any decisions needed to put an end to such problems.

If the Stabilisation and Association Council or the exporting Party has not taken a decision putting an end to the problems, or no other satisfactory solution has been reached within 30 days of the matter being referred to the Stabilisation and Association Council, the importing Party may adopt the appropriate measures to remedy the problem in accordance with this Article. In the selection of safeguard measures, priority must be given to those which least disturb the functioning of the arrangements established in this Agreement. Safeguard measures applied in accordance with Article XIX GATT 1994 and

the WTO Agreement on Safeguards shall preserve the level/margin of preference granted under this Agreement.

- (b) Where exceptional and critical circumstances requiring immediate action make prior information or examination, as the case may be, impossible, the Party concerned may, in the situations specified in this Article, apply forthwith provisional measures necessary to deal with the situation and shall inform the other Party immediately thereof.

The safeguard measures shall be notified immediately to the Stabilisation and Association Council and shall be the subject of periodic consultations within that body, particularly with a view to establishing a timetable for their abolition as soon as circumstances permit.

- 6. In the event of the Community on the one part or Montenegro on the other part subjecting imports of products liable to give rise to the problems referred to in this Article to an administrative procedure having as its purpose the rapid provision of information on the trend of trade flows, it shall inform the other Party.

Article 42 *Shortage clause*

- 1. Where compliance with the provisions of this Title leads to:
 - (a) a critical shortage, or threat thereof, of foodstuffs or other products essential to the exporting Party; or
 - (b) re-export to a third country of a product against which the exporting Party maintains quantitative export restrictions, export duties or measures or charges having equivalent effect, and where the situations referred to above give rise, or are likely to give rise to major difficulties for the exporting Party

that Party may take appropriate measures under the conditions and in accordance with the procedures laid down in this Article.

- 2. In the selection of measures, priority must be given to those which least disturb the functioning of the arrangements in this Agreement. Such measures shall not be applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination where the same conditions prevail, or a disguised restriction on trade and shall be eliminated when the conditions no longer justify their maintenance.
- 3. Before taking the measures provided for in paragraph 1 of this Article or, as soon as possible in cases to which paragraph 4 of this Article applies, the Community or Montenegro, shall supply the Stabilisation and Association Council with all relevant information, with a view to seeking a solution acceptable to the Parties. The Parties within the Stabilisation and Association Council may agree on any means needed to put an end to the difficulties. If no agreement is reached within 30 days of the matter being referred to the Stabilisation and Association Council, the exporting Party may apply measures under this Article on the exportation of the product concerned.

4. Where exceptional and critical circumstances requiring immediate action make prior information or examination, as the case may be, impossible, the Community or Montenegro may apply forthwith the precautionary measures necessary to deal with the situation and shall inform the other Party immediately thereof.
5. Any measures applied pursuant to this Article shall be immediately notified to the Stabilisation and Association Council and shall be the subject of periodic consultations within that body, particularly with a view to establishing a timetable for their elimination as soon as circumstances permit.

Article 43
State monopolies

With regard to any state monopolies of a commercial character, Montenegro shall ensure that, by the entry into force of this Agreement, no discrimination regarding the conditions under which goods are procured and marketed exists between nationals of the Member States of the European Union and Montenegro.

Article 44
Rules of origin

Except if otherwise stipulated in this Agreement, Protocol 3 lays down the rules of origin for the application of the provisions of this Agreement.

Article 45
Restrictions authorised

This Agreement shall not preclude prohibitions or restrictions on imports, exports or goods in transit justified on grounds of public morality, public policy or public security; the protection of health and life of humans, animals or plants; the protection of national treasures of artistic, historic or archaeological value or the protection of intellectual, industrial and commercial property, or rules relating to gold and silver. Such prohibitions or restrictions shall not, however, constitute a means of arbitrary discrimination or a disguised restriction on trade between the Parties.

Article 46
Failure to provide administrative co-operation

1. The Parties agree that administrative co-operation is essential for the implementation and the control of the preferential treatment granted under this Title and underline their commitment to combat irregularities and fraud in customs and related matters.
2. Where a Party has made a finding, on the basis of objective information, of a failure to provide administrative co-operation and/or of irregularities or fraud under this Title, the Party concerned may temporarily suspend the relevant preferential treatment of the product(s) concerned in accordance with this Article.
3. For the purpose of this Article a failure to provide administrative co-operation shall mean, inter alia:
 - a) a repeated failure to respect the obligations to verify the originating status of the product(s) concerned;

- b) a repeated refusal or undue delay in carrying out and/or communicating the results of subsequent verification of the proof of origin;
- c) a repeated refusal or undue delay in obtaining authorisation to conduct administrative co-operation missions to verify the authenticity of documents or accuracy of information relevant to the granting of the preferential treatment in question.

For the purpose of this Article a finding of irregularities or fraud may be made, inter alia, where there is a rapid increase, without satisfactory explanation, in imports of goods exceeding the usual level of production and export capacity of the other Party, which is linked to objective information concerning irregularities or fraud.

- 4. The application of a temporary suspension shall be subject to the following conditions:
 - a) The Party which has made a finding, on the basis of objective information, of a failure to provide administrative co-operation and/or of irregularities or fraud shall without undue delay notify the Stabilisation and Association Committee of its finding together with the objective information and enter into consultations within the Stabilisation and Association Committee, on the basis of all relevant information and objective findings, with a view to reaching a solution acceptable to both Parties.
 - b) Where the Parties have entered into consultations within the Stabilisation and Association Committee as above and have failed to agree on an acceptable solution within 3 months following the notification, the Party concerned may temporarily suspend the relevant preferential treatment of the product(s) concerned. A temporary suspension shall be notified to the Stabilisation and Association Committee without undue delay.
 - c) Temporary suspensions under this Article shall be limited to that necessary to protect the financial interests of the Party concerned. They shall not exceed a period of six months, which may be renewed. Temporary suspensions shall be notified immediately after their adoption to the Stabilisation and Association Committee. They shall be subject to periodic consultations within the Stabilisation and Association Committee in particular with a view to their termination as soon as the conditions for their application are no longer given.
- 5. At the same time as the notification to the Stabilisation and Association Committee under paragraph 4a) of this Article, the Party concerned should publish a notice to importers in its Official Journal. The notice to importers should indicate for the product concerned that there is a finding, on the basis of objective information, of a failure to provide administrative co-operation and/or of irregularities or fraud.

Article 47

In case of error by the competent authorities in the proper management of the preferential system at export, and in particular in the application of the provisions of Protocol 3 to the present agreement where this error leads to consequences in terms of import duties, the contracting party facing such consequences may request Stabilisation and Association Council to examine the possibilities of adopting all appropriate measures with a view to resolving the situation.

Article 48

The application of this Agreement shall be without prejudice to the application of the provisions of Community law to the Canary Islands.

A Community company or a Montenegrin company established in the territory of the Republic of Montenegro or the Community respectively shall be entitled to employ, or have employed by one of its subsidiaries or branches, in accordance with the legislation in force in the host territory of establishment, in the territory of the Republic of Montenegro and the Community respectively, employees who are nationals of the Member States or nationals from Montenegro respectively, provided that such employees are key personnel as defined in paragraph 2 and that they are

employed exclusively by companies, subsidiaries or branches. The residence and work permits of such employees shall only cover the period of such employment.

2. Key personnel of the abovementioned companies herein referred to as 'organisations' are 'intra-corporate transferees' as defined in (c) of this paragraph in the following categories, provided that the organisation is a legal person and that the persons concerned have been employed by it or have been partners in it (other than as majority shareholders), for at least the year immediately preceding such movement:

(c) An 'intra-corporate transferee' is defined as a natural person working within an organisation in the territory of a party, and being temporarily transferred in the context of pursuit of economic activities in the territory of the other party; the organisation concerned must have its principal place of business in the territory of a party and the transfer be to an establishment (branch, subsidiary) of that organisation, effectively pursuing like economic activities in the territory of the other party.

2. In step with the liberalisation process mentioned in paragraph 1, the Parties shall permit the temporary movement of natural persons providing the service or who are employed by the service provider as key personnel as defined in Article 58, including natural persons who are representatives of a Community or Montenegrin company or national and are seeking temporary entry for the purpose of negotiating for the sale of services or entering into agreements to sell services for that service provider, where those representatives will not be engaged in making direct sales to the general public or in supplying services themselves.
3. After 4 years, the Stabilisation and Association Council shall take the measures necessary to progressively implement the provisions of paragraph 1. Account shall be taken of the progress achieved by the Parties in the approximation of their laws.

Article 60

1. The Parties shall not take any measures or actions which render the conditions for the supply of services by Community and Montenegro nationals or companies which are established in a Party other than that of the person for whom the services are intended significantly more restrictive as compared to the situation existing on the day preceding the day of entry into force of the Agreement.
2. If one Party is of the view that measures introduced by the other Party since the entry into force of the Agreement result in a situation which is significantly more restrictive in respect of supply of services as compared with the situation existing at the date of entry into force of the Agreement, such first Party may request the other Party to enter into consultations.

Article 61

With regard to supply of transport services between the Community and Montenegro, the following provisions shall apply:

1. With regard to land transport, Protocol 4 lays down the rules applicable to the relationship between the Parties in order to ensure, particularly, unrestricted road transit traffic across Montenegro and the Community as a whole, the effective

application of the principle of non discrimination and progressive harmonisation of the transport legislation of Montenegro with that of the Community.

2. With regard to international maritime transport, the Parties undertake to apply effectively the principle of unrestricted access to the international maritime markets and trades on a commercial basis, and to respect international and European obligations in the field of safety, security and environmental standards.

The Parties affirm their commitment to a freely competitive environment as an essential feature of international maritime transport.

3. In applying the principles of paragraph 2, the Parties shall:
 - (a) not introduce cargo-sharing clauses in future bilateral agreements with third countries;
 - (b) abolish, upon the entry into force of this Agreement, all unilateral measures and administrative, technical and other obstacles that could have restrictive or discriminatory effects on the free supply of services in international maritime transport.
 - (c) Each Party shall grant, *inter alia*, no less favourable treatment for the ships operated by nationals or companies of the other Party than that accorded to a Party's own ships with regard to access to ports open to international trade, the use of infrastructure and auxiliary maritime services of the ports, as well as related fees and charges, customs facilities and the assignment of berths and facilities for loading and unloading.
4. With a view to ensuring a co-ordinated development and progressive liberalisation of transport between the Parties adapted to their reciprocal commercial needs, the conditions of mutual market access in air transport shall be dealt with by the Multilateral Agreement on the Establishment of a European Common Aviation Area (ECAA).
5. Prior to the conclusion of the agreement referred to in paragraph 4, the Parties shall not take any measures or actions which are more restrictive or discriminatory as compared with the situation existing prior to the entry into force of this Agreement.
6. Montenegro shall adapt its legislation, including administrative, technical and other rules, to that of the Community existing at any time in the field of air, maritime, inland waterway and land transport insofar as it serves liberalisation purposes and mutual access to markets of the Parties and facilitates the movement of passengers and of goods.
7. In step with the common progress in the achievement of the objectives of this Chapter, the Stabilisation and Association Council shall examine ways of creating the conditions necessary for improving freedom to provide air, land and inland waterway transport services.

CHAPTER IV CURRENT PAYMENTS AND MOVEMENT OF CAPITAL

2. With regard to transactions on the capital and financial account of balance of payments, from the entry into force of this Agreement, the Parties shall ensure the free movement of capital relating to credits related to commercial transactions or to the provision of services in which a resident of one of the Parties is participating, and to financial loans and credits, with maturity longer than a year.
3. Montenegro shall, from the entry into force of this Agreement, grant national treatment to EU nationals acquiring real estate on its territory.
4. The Community and Montenegro shall also ensure, from the entry into force of this Agreement, free movement of capital relating to portfolio investment and financial loans and credits with maturity shorter than a year.
5. Without prejudice to paragraph 1, the Parties shall not introduce any new restrictions on the movement of capital and current payments between residents of the Community and Montenegro and shall not make the existing arrangements more restrictive.
6.
